About the canon

This canon shows three voices that differ just a bit in rhythm and melody to show a slight nuance between the three. Little surprises here and there will keep the singers and the audience at the edge of their seats.

Videos

A Tutorial for the singers

B Instruction for the conductor

C Performance

All movements in the instructional videos are mirrored which means that, for instance, our left arm is your right arm. In all the performance videos it's the other way around. The singers on the video show how your singers should perform it.

Additional scores

The Media App offers the song sheet and the piano accompaniment:

- Song sheet for singers
- Piano accompaniment

The artist

Christoph Hiller

is an arranger, composer, producer, lecturer, and singer. He leads children's and adult choirs, including "VOCompany – pop choir of the University of Music Franz Liszt in Weimar", as well as various musical projects, e. g. "Grenzsänger" in cooperation with MDR television.

As a lecturer for choral conducting, he has taught at the universities of Leipzig, Weimar, and Frankfurt. He composes and produces music in his own studio, above all commissioned works for publishers, film music, and choral literature. He currently sings bass in the a cappella group Maybeop.
