Emma Watson
Emma's Detective Agency
74 Greek Street
Miami, FL 33101

February 15, 2020

Dear Emma,

You probably don't remember me. We went to elementary school together. I know ... it was a long time ago. We were in the same class. I always sat next to the window. I didn't like elementary school. It was a terrible time for me.

It's easy to remember *you*. You were *amazing*. You always knew the answers to the teacher's questions. All the other students liked you. Where did you go to high school? Did you go to college? How did you become a detective?

I'm going to be in Miami next week. I want to see you. Can you meet? I need to talk to you about something. I'm only going to be in the US for three hours next Tuesday morning. Can we meet at the airport at 11 a.m.? It's Miami International, North Terminal. Meet me at the coffee place near the entrance. Please come!

Best wishes,

Mark Sutton

P.S. Your company name needs work!

The world's busiest airports

Welcome to this month's issue of *Flying High*, our in-flight magazine. Our passengers fly from many different airports around the world.

They are busy places. In fact, the world's airports are busier now than ever before, and passenger numbers are going up every year.

But which is the busiest airport? At the moment, it's in Atlanta in the US. Almost 104 million passengers used Atlanta in 2017. It's busy because it's a connecting hub. Passengers change planes here to go to other places. Many are domestic flights. They go to other places in the US. And 80% of people in the US live two hours from Atlanta airport by plane.

If we look at international passengers, it's a different story. The world's busiest international airport is Dubai, with 88 million passengers in 2017. Heathrow Airport in London, UK, is in second place, with Hong Kong third.

But what about the future? Passenger numbers at Atlanta airport fell a little in 2017, but at the world's second busiest airport, numbers are growing quickly. Beijing airport had 96 million passengers in 2017. Is it going to become the world's number one airport? Things change fast in the travel business, so it's impossible to know. ➔
