1, Exercise 1

Announcer Ollie

Ollie We usually have really great family holidays, and we usually go to a different country. For example, last year, we went to Italy. We camped near Siena and we had a brilliant time. The year before that, we went to the South of France. The beaches there are amazing. But anyway, this year I want to do something different. My best friend Joe and I want to go to a sports camp – there are lots of different ones to choose from. And you don't have to travel very far, they're all in this country. We might choose basketball, or football, or maybe rock climbing, we're trying to decide. It's going to be great!

Announcer Sophie

Sophie Last year, we had a really special holiday we went to Australia! It was for my cousin's wedding. We stayed with my aunt and uncle for six weeks. They live near the sea and we did a lot of swimming – and I even went to dive. It was the best holiday ever. So this year we can't do that again! It cost a fortune, so this year we're going to go and stay with my grandparents. They live in a little village in the countryside, not far from home. I was excited about going there, but I'm not so sure about the weeks! There isn't much to do. Except for my grandma, my grandma is a great cook, so it's not all bad!

Announcer Patrick

Patrick We're going to the same place as usual – we always go to Portugal. My mum's got some friends there and they've got a big house, so we can all stay with them. It's brilliant – it's so nice and the weather is always sunny, just like here in England – so we spend most of our time on the beach. Well, my dad gets bored, so he does other things. He likes exploring the countryside, but my mum, my sister and I usually relax and do nothing! In the evenings, we have big family meals, all of us sitting round the kitchen table – it's really great, I look forward to it every year.

1, Exercise 2

Elsa

Hi, Mum and Dad. Well, this is my first week and I'm having a great time. At first, I wanted to come home. I really missed you a lot, and my best friend, I was too busy to feel sad. There's so much to do here! I'm making lots of new friends. I met a really fun girl called Nina. She's from Barcelona in Spain. And I met Ritchie. He's American. He's very funny and he makes us laugh. We all eat breakfast together every morning, and then we can do a morning activity, like music, singing, dancing or acting. Ritchie plays the guitar, so he's in a band. I'm in the musical theatre group. We're doing a musical for the end of summer camp. And Nina is learning a dance routine!

We finish our morning activities at 12.30, and then we have lunch. Lunch time is always really noisy and a great time to talk and laugh with my new friends. Then in the afternoon, we do some sport and one outdoor activity. My sport is tennis. Nina and I are in the same group. And Ritchie plays basketball and football.

And Dad, guess what my outdoor activity is? I'm learning to ride a horse! It's amazing! My horse is called Danny and he's brown with a white face. He's so cute. Nina does rock climbing. I'm glad I'm not doing that. It looks too dangerous! And Ritchie is in the sailing group.

In the afternoon, we have a snack and then we have some free time. I usually help look after the horses, or I go for a walk around the lake with Nina. Ritchie sometimes does some IT – that's Information Technology. In the evening, we have dinner. Every day, a different group of kids takes it in turns to cook dinner. Last night, I helped make pizza and fruit pie. Then we watch a film or we sit outside around the campfire. Sometimes we sing songs or the tutors tell stories. Our camp tutors are really amazing. My favourite tutors are David and Annie. I want you to meet them when you collect me at the end of summer camp.

It's time to go now. I hope you're OK and having fun. Lots of love and I miss you a lot!
