

Word pocket

- 1) Cut out the pocket. Fold the flaps backwards, add glue on the flaps and paste it into your scrapbook.
- 2) Cut out the singular word cards along the solid lines. Collect the new words you have learnt from the first group activity. You can write about three new words onto each slip of paper. Then place them inside of your word pocket. You can design your pocket as you wish. You can add as many word cards as you like.
